Products Description

Paramount Shine Acrylic Distemper

Paramount Shine Acrylic Distemper is an acrylic emulsion based interior wall coating. It gives rich silky smooth durable finish. It is supplied in paste form in attractive reusable plastic pails. It is thinned with water and is supplied with great ease. Paramount Shine Super Acrylic Washable Distemper is suitable for use on cement, lime, brick, asbestos etc. It is recommended to use for interior decoration of ceiling and wall surfaces. Surfaces painted with Paramount Shine Acrylic Washable Distemper can be easily washed with water or a mild soap solution to remove dirt. This coating will achieve scrub resistance after 7 days. Shades are clean and bright and available in pastel collections also.

Packing : 2 Kg, 5 Kg, 10 Kg & 20 Kg

Paramount Shine Acrylic Emulsion-Interior

Paramount Shine Acrylic Emulsion - Interior is a high range acrylic base smooth interior wall finish that provides a rich & elegant look to the walls. Paramount Shine Acrylic Emulsion - Interior provides a smooth and rich finish to interior walls. It is specially formulated to impart excellent durability to the paint film, giving your walls that 'fresh look' for years. It provides a relatively cleanable surface with mild soap solution. The paint film is also fungus and mildew resistant. Paramount Shine Acrylic Emulsion - Interior is compatible to the following substrates - P O P, Gypsum, Gypsum board, false ceilings, asbestos sheets, concrete, plaster etc.

Packing : 1Lt, 4Lt, 10Lt & 20Lt

Paramount Shine Acrylic Emulsion - Exterior

Paramount Shine Acrylic Emulsion - Exterior is a 100% pure acrylic exterior emulsion which provides excellent bacterial & UV resistance. It is an all weather, high performance durable coating, specially designed to withstand extreme climatic conditions of high rainfall, temperature extremes and high humidity. Paramount Shine Acrylic Emulsion - Exterior can be applied on vast range of exterior surfaces viz cement plaster, masonry, concrete, asbestos sheet, POP Gypsum etc.

Packing : 1Lt, 4Lt, 10Lt & 20Lt

Paramount Shine Wall Primer (Interior & Exterior)

Paramount Shine Interior Wall Primer is an acrylic based interior primer recommended as a base coat for internal painting. It is water thinable & formulated to seal the base surface, so as to accept the topcoat easily & to protect the substrate & give an elegant look to the walls. Paramount Shine Interior Wall Primer is very easy for application as it requires no curing before or after application. As the drying time is very less, it increases the speed of work enabling timely completion. Being acrylic based it is compatible to the acrylic emulsion applied over it. Being water based it saves the extra cost of thinner for dilution. Paramount Shine Interior Wall Primer is compatible to the following substrates - P O P, Gypsum, Gypsum board false ceilings, Asbestos sheets, Concrete, Plaster etc.

Packing : 1Lt, 4Lt, 10Lt & 20Lt

Paramount Shine Red Oxide Primer

Paramount Shine Red Oxide Primer is a professional quality primer with excellent adhesion and rust inhibiting properties that prevent the spread of corrosion. Suitable for use on both interior and exterior ferrous metal surfaces. It prevents the spread of corrosion, excellent adhesion and suitable for ferrous metal surfaces.

Surface Preparation : Ensure surfaces are sound, dry and free from grease, wax and oil. Leave new shiny galvanized metal to weather and become dull before priming with Paramount Shine Red Oxide Primer on new galvanized metal.

Application : Brush or roller. For Health and Safety reasons related to all solvent-based paints, spray application is not recommended.

Packaging: 500ml, 1Lt, 4Lt, & 20Lt

Paramount Shine Wood Primer

Paramount Shine Wood Primer is the undercoat of preparatory coating put on wood. It is efflorescence and alkali resistant and will increase and reinforce the performance of the paints. It can be used on properly prepared concrete, concrete block, brick and stucco. Exterior primer is also designed for use on exterior wood and plywood siding and trim. It can be used for priming new or previously painted walls, ceilings & wooden surfaces.

Surface Preparation : Ensure that surfaces are sound and free from dust, sanding dust, oil, grease, dirt, and debris. Surfaces must be thoroughly dry. For best paint system performance follow Paramount Shine Wood Primer for better protection to wood. **Application :** Brush or roller

Packaging: 500ml, 1Lt, 4Lt, & 20Lt

Paramount Shine Enamel Paint

Paramount Shine Enamel Paint used for furniture's like wooden, iron. It is cost effective and provide smooth surface with High Glossy finish. Paramount Shine Enamel Paint is Premium Quality Enamel. It is Non -Yellowing, Anti Fungal & Safe Enamel.

Surface Preparation : The surface should be cleaned of dust, mortar droppings and splashes of cement slurry etc. The surface to be painted should be dry and free from moisture. All unevenness should be rubbed down smooth with sand paper. Knots if any should be covered with putty of same color.

Paramount Shine Wall Putty

Paramount Shine Wall Putty is a white Cement Based Water Resistant Wall Putty. Used on concrete/mortar walls (Internal & External) and ceilings to get smoother & stronger base for further application of all kinds of paints.

Advantages of Paramount Shine Wall Putty

- ◆ Paramount Shine Wall Putty is equally good for application on interior & exterior walls.
- ◆ It comes in dry form, very easy to mix & apply, thus saves time & cost.
- ◆ It is water resistant too, hence can be applied easily on wet surface.
- ◆ It does not require any curing. Also prevents expensive paints from moisture & flaking.
- ◆ It prevents growth of fungus & algae on the wall.

Packing : 1kg, 5kg, 20Kg & 40Kg

Para Plast Care Wall Putty

ParaPlast Care Wall Putty is white cement based interior wall putty added with essential chemicals. It is ideal for cement plastered walls & ceilings. It can also be used for levelling/filling the uneven surfaces of cement plastered walls and concrete walls. ParaPlast Care Wall Putty gives smooth and strong surface to the walls for further application of all kinds of paints and gives better look to walls.

Packing : 1kg, 5kg, 20Kg & 40Kg

Paramount Shine Decorative White Cement

paramount Shine Decorative White Cement is a product shrouded in mystery and myths about its applications and uses. Very often people have the notion that since it is a "cement" product, it must be used purely for construction and repair purposes.

Most popular & time tested choice for floors and walls but also its lesser known applications have unimaginable scope. It is suitable for numerous decorative & architectural applications in white, light & dark colors.

Advisable applications are :

- ◆ Designer Flooring ◆ Marble Flooring ◆ Terrazzo Flooring
- ◆ Architectural Uses ◆ Ornamental Uses.

Packing : 1kg, 5kg, 25Kg & 50Kg

Paramount Shine Decorative Cement Paint

Paramount Shine Decorative Cement Paint is Used for Building Exteriors and Interiors. High Quality, Durable & Cost Effective Cement Paint which is widely used for Bungalows, High-Rise Projects, Independent Housing, Factories and Godowns.

Features of Paramount Shine Decorative Cement Paint

◆ Based on White Portland Cement and finely ground additives which increase water repellency and fungal resistance. ◆ Contains pigments that are resistant to heat & light. ◆ Easy mixing and enhanced covering capacity. ◆ Gives durable & tough waterproof surface. ◆ It has longer pot life compared to other cement paints.

Packing : 25Kg with 38 colors

Paramount Shine Tile Adhesive

Paramount Shine Tile Adhesive is a Cementitious Ready-Mix Powder which is thin-bed and a highly tensile polymer modified product. Its unique features make it ideal for fixing ceramic / vitrified tiles / mosaic tiles / natural stones like Granite, marble etc., to most building substrates.

Special Features of "Paramount Shine Tile Adhesive":

◆ Preparation is simple, just add water. ◆ Although cement based, requires no curing. ◆ Excellent tensile adhesion strength. ◆ Grouting is possible on the same day. ◆ Polymer modified formulation enhances its durability.

Packing : 20Kg

Upcoming Products

Company has decided to enhance its product portfolio by launching following range of products

◆ P.O.P. ◆ Tile Grout ◆ Water Proofing Solution ◆ Ready-Mix Plaster
